"I have enjoyed using **Balancing the Sword** very much. It encourages reading the whole chapter, not just finding the answers to the questions.

... The cross-references for each question prove helpful in finding out what other places in the Bible say about the topic. And **Balancing the Sword** also provides them right at the spot, instead of having to use precious time finding them. The many pictures are interesting, and also help by picturing what it was like. I greatly enjoy reading the quote at the bottom of each page. I highly recommend **Balancing the Sword** for use."

John Horn (Age: 11) in San Antonio, TX

"We have been enjoying our **Balancing the Sword** Volume 1 during breakfast time. I have four children 12, 8, 6, and 4 years old. While I read the older 3 kids follow along in their Bibles and my youngest looks at his picture Bible at around the same story area. After reading the chapter aloud I ask the 1st question. ... They love helping each other out with clues. It was my intention to only cover one chapter a day but they always ask for more!!!"

Diane in Escondido, CA

"Thank you! Thank you! Thank you! I cannot tell you how impressed I am with the **Balancing the Sword** text. It is incredibly well written ... comprehensive and yet prepared in such a way as it would be possible for all ages to answer the questions. I also liked the Scripture references that you have for all the different questions. ... So much of the books of the Old Testament I have trouble getting through, especially the books of history! I am sure this will help."

Susan in North Redington Beach, FL

"Dear Friend, We are so excited to have this material! We homeschool our four children. We want to use your material for our 16 year old son. ... Thank you so much for your time and may the LORD bless you."

The *BTS Reading Planner*[®] is not based on reading three chapters per day nor on reading so many verses per day. Rather, this software divides the Bible so that you are reading the same number of **words** per day and produces simple reading schedules.
